

**WE ARE LOOKING FOR VOLUNTEERS  
FOR A HUMAN MILK DONATION  
STUDY**

**Study Title:** The Lived Experience of Mothers who Continue to Express and Donate their Milk to a HMBANA Milk Bank Following a Perinatal Loss

**Study Team:** Ann Marie Paraszcuk, EdD, RNC-NIC, IBCLC, Laura Candelaria PhD, RN, FNP, Karen Hylton-McGuire PhD, RNC-NIC, IBCLC, Diane Lynn Spatz, PhD, RN-BC, FAAN

We are recruiting for an interview study to learn more about the experiences of mothers who pumped their milk to donate to a non-profit milk bank after the death of their infant. We realize this loss is hard for you and your input can help advance our understanding of this experience.

**WHO CAN PARTICIPATE?**

Mothers who experienced a perinatal loss within the last 2 years and continued to express their milk for any length of time and donated to a Human Milk Banking Association of North America member milk bank.

Must be over the age of 18 and be able to communicate in English.

**WHO IS NOT ELIGIBLE?**

Any woman who has informally shared or sold her milk at any time.

**WHAT DOES THE STUDY INVOLVE?**

A member of the research team will contact you to schedule an interview that will be conducted on a secure online platform at a mutually agreeable time. The interview will be recorded and should take no longer than one hour to complete. Following analysis of all interviews, a member of the study team may wish to contact you to see if our research findings reflect your experience.

If you meet the screening criteria and would like to participate please scan the QR code with your phone or email the study leader: ‘

Dr. Ann Marie Paraszcuk at [aparaszczuk@molloy.edu](mailto:aparaszczuk@molloy.edu)

A member of study team will contact you and arrange the interview.
