

International Donor Milk Conference Agenda

Harnessing the Power of Donor Milk and Making a Collective Impact

Monday, April 15, 2024

TIME	TOPIC	SPEAKER + LOCATION
8:00 am - 8:15 am	Welcome	Lindsay Groff, MBA, HMBANA <i>Capitol Ballroom D+E</i>
8:15 am - 9:15 am	<i>Data for Action: The Collective Impact of CDC's Breastfeeding Data</i>	Heather Hamner, PhD, MPH, MS Centers for Disease Control and Prevention <i>Capitol Ballroom D+E</i>
9:15 am - 10:00 am	Unlocking the Potential of Donor Milk to Transform NICU Feeding Practices	Ariel Salas, MD, MSPH, University of Alabama at Birmingham <i>Capitol Ballroom D+E</i>
10:00 am - 10:10 am	Family Story (TBA)	<i>Capitol Ballroom D+E</i>
10:10 am - 10:40 am	Morning Break with Exhibitors	<i>Capitol Ballroom Foyer</i>
10:40 am - 11:25 am	Is It Time for Nutritional Standards for Donor Milk? Evidence on Outcomes and Production Considerations	Maryanne Perrin, PhD, MBA, RDN, University of North Carolina Greensboro <i>Capitol Ballroom D+E</i>
11:25 am - 12:10 pm	Single-Cell Atlas of Human Neonatal Small Intestine Affected by Necrotizing Enterocolitis	Liza Konnikova, MD, PhD, FAAP, Yale School of Medicine <i>Capitol Ballroom D+E</i>
12:10 pm - 1:10 pm	Lunch	<i>Capitol Ballroom D+E</i>
12:10 pm - 1:40 pm	Poster Sessions	<i>Capitol Ballroom Foyer</i>
1:10 pm - 1:20 pm	Family Story (TBA)	<i>Capitol Ballroom D+E</i>
1:20 pm - 2:05 pm	Fortification of Human Milk	Sarah N. Taylor, MD, MSCR, Yale School of Medicine <i>Capitol Ballroom D+E</i>
2:15 pm - 2:45 pm	Breakout Sessions (3)	
	Track A: Macronutrient and Oligosaccharide Content is Not Reduced in Pooled Donor Human Milk Including Milk from 12-18 Months Post Delivery	Sydney McCune, PhD, RDN, University of California San Diego <i>Capitol Ballroom A – C</i>
	Track B: Laboratory Scale Production of a Powdered, Multi-Nutrient Human Milk Fortifier Using Breast Milk from Voluntary Donors in Australia	Laura Klein, PhD, Australian Red Cross Lifeblood <i>Capitol View Terrace North</i>
	Track C: Essential Digital Health Buildings Block for Patient-centered Care: The Role of Human Milk Banking Systems in the Broader Neonatal Context	Kimberly Mansen, MSPH, RDN, PATH and Linda Taylor, BCom, Dip BA, DipPM <i>Capitol View Terrace South</i>
2:45 pm - 3:00 pm	Afternoon Break	<i>Capitol Ballroom Foyer</i>
3:00 pm - 3:20 pm	Investigation of the Biological, Chemical, and Physical Changes that Occur in Human Milk During Storage to Identify Safe and Cost-effective Methods to Extend Shelf Life and Maintain Nutritional Value	Justin Slipe, PhD, Princeton University - Howard Hughes Medical Institute <i>Capitol Ballroom D+E</i>
3:20 pm - 3:50 pm	Milk Banking in Europe	Sertac Arsanaglu, MD, Istanbul Medeniyet University and European Milk Bank Association <i>Capitol Ballroom D+E</i>
3:50 pm - 4:30 pm	Developing Global Guidelines for Human Milk Banking: Status Report on the WHO Process	Kiersten Israel-Ballard, DrPH, PATH <i>Capitol Ballroom D+E</i>

4:30 pm - 5:15 pm	Milk as Medicine: Indigenous Cultural Practices and Traditional Knowledge	Jasha Lyons Echo-Hawk, Indigenous Milk Medicine Collective and Kim Moore-Salas, Indigenous Milk Medicine Collective <i>Capitol Ballroom D+E</i>
5:15 pm - 5:20 pm	Closing Remarks	Lindsay Groff, MBA, HMBANA <i>Capitol Ballroom D+E</i>
5:30 pm - 8:30 pm	Milk Bank Mingle (ticketed event with shuttles)	Mothers' Milk Bank at Austin
Tuesday, April 16, 2024		
TIME	TOPIC	SPEAKER + LOCATION
8:00 am - 8:15 am	Opening Remarks	Lindsay Groff, MBA, HMBANA <i>Capitol Ballroom D+E</i>
8:15am - 9:15am	Keynote Presentation: Leadership Skills for Systems Change and Collective Impact	Carrie Byington, MD, University of California <i>Capitol Ballroom D+E</i>
9:15 am - 10:00 am	Keynote Presentation: The Culture of Food Safety	Mitzi Baum, Stop Foodborne Illness <i>Capitol Ballroom D+E</i>
10:00 am - 10:30 am	Morning Break with Exhibitors	<i>Capitol Ballroom Foyer</i>
10:30 am - 10:50 am	Breakout Sessions (3)	<i>Capitol Ballroom A – C</i>
	Track A: Strengthening Traceability and Biovigilance of Donor Human Milk with Globally Unique Identification	Monica Freire, ICCBBA <i>Capitol Ballroom A – C</i>
	Track B: The Use of Donor Human Milk to Improve Feeding Tolerance in Opioid-Exposed Infants	Jennifer Zarit, MD, IBCLC, University of Pittsburgh Medical Center <i>Capitol View Terrace North</i>
	Track C: Effect of Different Extracellular Vesicle Isolation Methods and Milk Storage Conditions on miRNA in Human Milk	Amy Non, PhD, MPH, University of California San Diego <i>Capitol View Terrace South</i>
10:50 am - 11:00 am	Break	<i>Capitol Ballroom Foyer</i>
11:00 am - 12:00 pm	Reducing Inequities in the Hospital Setting	Jennifer Goetz, MD, Pediatrix Medical Group, Jochen Profit, MD, MPH, Stanford University School of Medicine and Lakshmy Vaidyanathan, MD, FAAP, FABM, IBCLC, Dell Medical School <i>Capitol Ballroom D+E</i>
12:00 pm - 1:00 pm	Lunch	<i>Capitol Ballroom D+E</i>
1:00 pm - 1:10 pm	Meet Ike – A Donor Milk Recipient Story	Kari Anne Roy <i>Capitol Ballroom D+E</i>
1:10 pm - 2:00 pm	Macronutrients/Zinc in Human Milk	Sertac Arslanaglu, MD, Istanbul Medeniyet University and European Milk Bank Association <i>Capitol Ballroom D+E</i>
2:00 pm - 2:45 pm	HMO and Justifying Multi-Donor Pooling	Lars Bode, PhD, University of California San Diego Human Milk Institute <i>Capitol Ballroom D+E</i>
2:45 pm - 3:00 pm	Afternoon Break	<i>Capitol Ballroom Foyer</i>
3:00 pm - 3:20 pm	Neurodevelopmental Outcomes of Extremely Preterm Infants Fed Donor Human Milk or Preterm Infant Formula: Results and Lessons Learned from the NICHD Neonatal Research Network MILK Trial	Tarah Colaizy, MD, MPH, University of Iowa <i>Capitol Ballroom D+E</i>
3:20 pm – 4:00 pm	Late Breaking Research Updates	<i>Capitol Ballroom D+E</i>
4:00 pm - 4:45 pm	The Power of Human Milk to Help us Build a World without NEC	Jennifer Canvasser, MSW, NEC Society <i>Capitol Ballroom D+E</i>

4:45 pm - 5:00 pm

Closing Remarks

Lindsay Groff, MBA, HMBANA
Capitol Ballroom D+E
