Conference Purpose
To increase health professional knowledge about the uses of human milk, global milk banking practices, and breastfeeding support.

Conference Objectives
1. Provision of evidence in support of breastfeeding and appropriate use of donor milk in the NICU
2. Increase knowledge on milk banking in selected countries
3. Reflect on ethical issues related to milk banking and breastfeeding
4. Update knowledge on selected breastfeeding and milk banking issues
5. Facilitate networking among health care providers dealing with breastfeeding and donor milk issues

Educational Credits
Application is pending for CERPS (Lactation Consultant-CERPs), CEUs for nurses, dietitians and category 1 equivalent CME credits for physicians. All participants should claim credit commensurate with the extent of their actual attendance.

Accreditation Statement
This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME).

Faculty Disclosure Statement
Educational programs must demonstrate balance, independence, objectivity, and scientific rigor. All faculty, authors, editors, and planning committee members are required to disclose any relevant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services that are discussed in an educational activity. Note: while it offers CME credits, this activity is not intended to provide extensive training or certification in the field.

Hotel Information
Rosen Shingle Creek is nestled on a 230-acre site along Shingle Creek just off Universal Boulevard, east of the Orange County Convention Center North/South expansion and just 10 minutes away from the Orlando International Airport. This ideal location is a short distance to a variety of Orlando’s best attractions, restaurants, shopping and entertainment venues.
For additional information about this great venue please visit: http://www.rosenshinglecreek.com/about-us/
